The University of Tennessee Equine and Canine Rehabilitation Certificate Programs (CERP and CCRP) are the only RACE approved and university based credential program for rehabilitation education.

studies, clinical experience, and availability of leading modalities in the fields of veterinary medicine.

As we all spend a very intensive time together, there is a lot of opportunity to discuss open questions beyond the course hours. This makes this education so effective. We work in small groups during the labs and also when working up cases. Thus this course combines theoretical knowledge, evidence based with a high impact of recent research and interactive on animal labs. A lot of emphasis is put on teamwork also when discussing rehab cases, experiences in different countries and with different material/units.

Interested? Don't hesitate and simply fill in the registration form attached.

I am looking forward to hearing from you.

Warm regards

Dr. Beate Egner

Veterinary Academy of Higher Learning (VAHL)

The CERP program begins with an Online Lecture Series, followed by the Live Hands-on Lab Series in Lisbon, and afterwards the Online Final Exam and Case Presentations.

The high standards for admission and the curriculum assure graduates that the CERP and CCRP credentials are recognized as the premiere program in equine and canine rehabilitation. It is taught by world wide accredited speakers and includes active university instructors, expert clinicians and researchers. The curriculum draws from ongoing research, evidence based case
